

**Thomas P. Reilly AIA LEED AP**  
director

**ARCHITEKTON**

Mr. Reilly has over 23 years of experience in team management, planning, architectural design, project planning and programming, design presentation, contract documents, cost estimating, technology planning, and construction administration for numerous institutional clients. These public projects have encompassed a broad scope of services, including feasibility studies, new facility designs, renovation, and additions to existing facilities. Tom is responsible for monitoring and adhering to budgets and scheduling milestones at every step of the project. Tom is a Phoenix native and attended Maryvale and Trevor Browne High Schools. He spent four years in the Navy Seabees building military bases around the world. He returned to Arizona and worked as a carpenter while completing his pre-professional work at Northern Arizona University before obtaining his architectural degree at Arizona State University.

**Education** Bachelor of Science in Architecture, Magna Cum Laude—Arizona State University 1985

**Professional Registration** Architect: Arizona, 1988
